

## energy.case PROX 1500 DC 1000W | B&W energy case

### Description

- The B&W energy.case offers a reliable and flexible power supply for professional applications. Designed to meet the toughest demands, it is robust, temperature-resistant, and waterproof. Operation is intuitive and uncomplicated.
- Robust & waterproof
- Powerful battery system
- Manufactured in Germany
- Flexible charging options
- Versatile connections
- Operating instructions with NFC
- Direct & alternating current
- Customizable
- More information on customization: [Technical installations](#)

**Außenmaße Länge (mm)**

---

660

**Außenmaße Breite (mm)**

490

**Außenmaße Tiefe (mm)**

335

**Gewicht (kg)**

29,8

**Trolley**

1

**Akkukapazität**

1500 Wh

**Betriebstemperatur**

-20°C - +45°C

**Spannung**

24 V DC

**Anschluss & System AC**

2x 24V 500W DC outlets, 1x USB PD 65W, 1x charging input

**Dauerleistung**

1000 W

**Fernsteuerung**

inclusive

**Steuerung über CAN-BUS**

possible

**Ladeleistung**

350 W

**Lademöglichkeiten**

230V power supplies (350W), Optional: 12V car, 24V truck, solar

**Tastatur**

In-unit (outdoor units optional)
